

292/295 SIO Solution for MIFARE® DESFire® EV1 + LEGIC prime 1024 + Prox Card

Brand: HID Global
Product Code: SMAH100159

Short Description

13.56 MHz contactless SIO enabled Solution for MIFARE® DESFire® EV1 8K with LEGIC prime and Proximity technologies. Multi-technology migration solutions with High Frequency (MIFARE® DESFire®, LEGIC) and 125 KHz Proximity.

Description

Overview

292/295 SIO solution for MIFARE® DESFire® EV1

HID Global's SIO Technology enabled cards for LEGIC provides customers all the benefits of LEGIC access control technology plus the convenience of combining multiple technologies onto a single card (including support for 125 KHz proximity). The LEGIC cards are ideal for organizations moving from basic LEGIC prime 1024 to another high-frequency technology.

The cards are designed to provide seamless migration to HID Global's iCLASS SE® platform for a future-proofed solution that delivers higher security, interoperability and increased performance. The platform goes beyond the traditional smart card model to offer technology-independent credentials based on Secure Identity Object® (SIO™).

The LEGIC multi-technology cards are part of the broadest product line of trusted Genuine HID® solutions in the market and provide guaranteed interoperability.

Key Features

Supports iCLASS SE platform with SIO Solution MIFARE® DESFire® EV1 as well as HID Prox and LEGIC prime 1024 in one credential.

Interoperable with existing LEGIC prime readers.

Complies with ISO/IEC standards for thickness and use with all direct image and thermal transfer printers.
